

## IPT 01 M In-Line Receptacle Connector with Backshell for EMI Shield Termination and Shrink Boot

### APPLICATION NOTES

1. In-line receptacle with backshell for terminating EMI shielding and attaching heat shrink boots.
2. Connector/Backshell Class "M" (environmental)—Wire sealing grommet supplied.
3. Standard materials configuration consists of aluminum alloy with stainless steel coupling pins.
4. Standard contact material consists of copper alloy with gold plating over nickel.
5. A broad range of other front and rear connector accessories are available. See our website and/or contact factory for complete information.
6. Standard insert is high insulation synthetic rubber.
