CHAMTEK ADHESIVES DIVISION

PRODUCT HEALTH AND SAFETY DATA SHEET

PRODUCT REFERENCE : Plusbond 3097 Issue Date: 31.5.89

PRODUCT DESCRIPTION: Mita (UK) Limited Reference ADH/25

Physical Appearance: Low viscosity water white liquid

Nature of Solids : Synthetic resin solution

Nature of Solvents : Acetone (8 Hour TWA 1,000ppm O.E.S.) Under revision
Methylene Chloride (8 Hour TWA 100ppm M.E.L.)
Tetrahydrofuran (8 Hour TWA 200ppm O.E.S.)

FLASH POINT Non-flammable

- * M.E.L. = Maximum Exposure Limit
- * O.E.S. = Approved Occupational Exposure Standard
- * From Health and Safety Executive Guidance Note EH40

GENERAL HANDLING:

Hygiene : Use only in well ventilated areas. Avoid inhalation of vapours. Avoid skin and eye contact. Suitable protective clothing/equipment should be worn.

Storage : In cool well ventilated areas away from direct sunlight. Caution should be exercised when opening containers as internal pressure may be high.

Spillages : Contain spillage and prevent from entering drains. Cover immediately with sand or similar inert absorbent material and remove out of doors to a safe area pending disposal.

Waste Disposal : Dispose of in sealed, suitably labelled containers as notifiable waste for incineration, or by other means in accordance with Local Authority Regulations.

SPECIFIC HAZARDS:

Flammability : Non-flammable. Certain harmful decomposition products may be given off if solvent vapours are exposed to naked flames, red heat or hot surfaces. Do not smoke.

Suitable Extinguishers : Dry Powder, Foam or Carbon Dioxide.

Skin Contact : Wash with soap and water. Suitable skin cleansers may first be used. Post application of lanolin or similar cream to counteract defatting is advised.

Eye Contamination : Irrigate for at least 10 minutes with copious amounts of clean water or saline solution. SEEK MEDICAL ATTENTION.

contd/...

Ingestion : SEEK IMMEDIATE MEDICAL ATTENTION. Do not induce vomiting.

Exposure to Vapour : Do not expose about T.W.A. for solvents. If dizziness or drowsiness occurs, remove subject into fresh air. Rest, keep warm and seek medical advice. DO NOT ALLOW TO SMOKE.

Shelf Life : 12 months

NOTE: This information relates only to the specific material designated and supersedes all previous Health and Safety sheets for this product.
