New Product

JST

Compact water-proof wire-to-wire connector, with the use of the 025 terminals and the solid wire-sealing rubber.

Double-leaf construction

Superior contact performance is provided by the double-leaf construction, consisting of the main leaf and the assist leaf.

Housing lances

The contact retention lances on the resilient housing allow the confirmation of contact lock-in for easy and secure insertion.

Inter-housing lock

This inter-housing lock secures the plug to the receptacle and prevents accidental disconnection. The lock protected and is not affected by external forces that might result from the routing of wires.

■ Specifications

- Current rating : 3.0A AC, DC
- Voltage rating : 100V AC, DC
- Temperature : - 25 °C ~ + 85 °C (including temperature range rise in applying electrical current)
- Wires applicable : AWG #26 ~ #22
Insulation O.D. : 1.4 ~ 1.74 mm dia
- No. of circuits : 2 ~ 4 circuits
