TONERCLENE - Cleaning Cloths for the Removal of Spilt Toner

<u>Product code</u>	TOC 025 TOC 010
<u>Packaging</u>	25 cloths per bag (TOC 025) 10 cloths per bag (TOC 010)

DESCRIPTION

Tonerclene is a specially developed cloth for the safe and effective removal of toner spills from laser printers and photocopiers. The impregnated cloth attracts the extremely fine toner powder into the fabric which allows a thorough cleaning action and prevents redeposition of toner onto hands or other surfaces.

TECHNICAL INFORMATION

Specially impregnated cloth packed in self-seal gripper bags.

WHERE TO USE

On laser printers and photocopiers.
Any plastic, metal or fabric surfaces.

HOW TO USE

1. The clean and safe way to deal with toner spills.
2. No smears. Special impregnation retains toner.
3. Strong, lint free, non abrasive cloth.
4. Use dry. No cleaners required.
