

SKINTOP® BS-M

Cable gland with spiral bending protection with metric thread for additional reliability

SKINTOP® BS-M with spiral bending protection

bending protection is a particular characteristic of cable protection and therefore an important safety feature for flexible cables on hand-held equipment, moving machine parts and in the many applications of the instrument industry, the SKINTOP® BS cable glands with spiral guards offers additional security against conductor break and therefore reduces the risk of failure.

Suitable accessories see page 412.

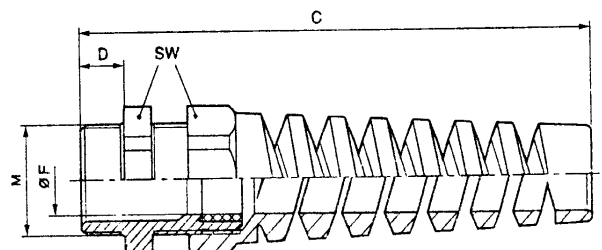

Technical Data

 Material:
Body: polyamid
Sealing: Neopren

 Temperature range:
-20 °C to +80 °C

 Standard Colour:
RAL 7001 silver grey
RAL 9005 black
RAL 7032 light grey

 Protection class: IP 68 -5 bar
