

# Preliminary

\*This is tentative specification.

## IGBT gate interception circuit

### DESCRIPTION

RT8H072E is composed by NPN transistors, PNP transistors and resistors. It can miniaturization of a set and reduce parts or time necessary for completion. Connected This MFT with the level-shift circuit of IPM, It can prevent the fault that IGBT gate turn on at the same time.

### FEATURES

- Miniaturization of a set.
- Open collector output.

### APPLICATION

The protection of IGBT Gate.

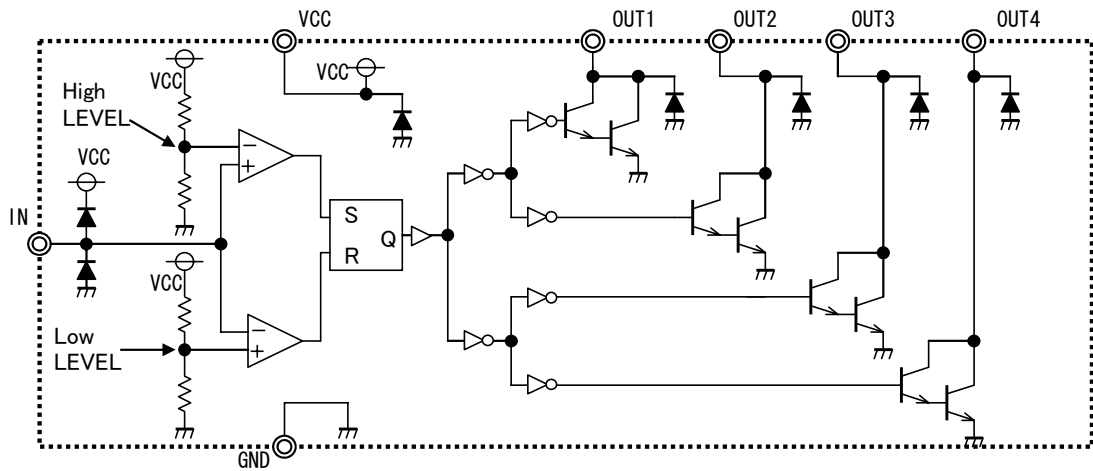

### OUTLINE DRAWING

### PIN CONFIGURATION

### BLOCK DIAGRAM

## IGBT gate interception circuit

### ABSOLUTE MAXIMUM RATINGS (Ta=25°C)

Symbol	Parameter	Conditions	Ratings	Unit
Vcc	Supply voltage		10	V
IOUT	Output current	OUT1~4 common	10	mA
VOUT	Output voltage	OUT1~4 common	-0.3~VCC	V
VIN	Input voltage		-0.3~VCC	V
Pd	Internal power dissipation		200	mW
Kθ	Thermal derating	Ta ≥ 25°C	1.6	mW/°C
Tj	Junction temperature		150	°C
Tstg	Storage temperature	(keep dry)	-40~150	°C
Topr	Operating temperature		-20~85	°C

### ELECTRICAL CHARACTERISTIC (Ta=25°C, VCC=5V unless otherwise noted.)

Symbol	Parameter	Test conditions	Designed value			Unit
			Min	Typ	Max	
VCC	Operating supply voltage range		3	5	9	V
ICC_ON	Circuit current in on states	IN=5V	-	400	600	uA
ICC_OFF	Circuit current in off states	IN=0V	-	400	600	uA
VTHH	Threshold voltage in level HI	IN=0V→HIGH	3.03	3.16	3.28	V
VTHL	Threshold voltage in level Low	IN=3.5V→LOW	2.43	2.53	2.63	V
IIN	IN input current	IN=VTHL(MIN)	-1	-0.3	-	uA
VOL	OUT saturation voltage	IN=5V, IOUT=5mA OUT1, OUT2, OUT3, OUT4 common	-	0.85	1.5	V
ILO	OUT leak current	IN=0V, VOUT=5V OUT1, OUT2, OUT3, OUT4 common	-	0	1	uA

### THERMAL DERATING

*Preliminary*

\*This is tentative specification.

**Keep safety first in your circuit designs!**

•ISAHAYA Electronics Corporation puts the maximum effort into making semiconductor products better and more reliable, but there is always the possibility that trouble may occur with them. Trouble with semiconductors may lead to personal injury, fire or property damage. Remember to give due consideration to safety when making your circuit designs, with appropriate measures such as (1) placement of substitutive, auxiliary, (2) use of non-flammable material or (3) prevention against any malfunction or mishap.

**Notes regarding these materials**

- These materials are intended as a reference to our customers in the selection of the ISAHAYA products best suited to the customer's application; they don't convey any license under any intellectual property rights, or any other rights, belonging ISAHAYA or third party.
- ISAHAYA Electronics Corporation assumes no responsibility for any damage, or infringement of any third party's rights, originating in the use of any product data, diagrams, charts or circuit application examples contained in these materials.
- All information contained in these materials, including product data, diagrams and charts, represent information on products at the time of publication of these materials, and are subject to change by ISAHAYA Electronics Corporation without notice due to product improvements or other reasons. It is therefore recommended that customers contact ISAHAYA Electronics Corporation or an authorized ISAHAYA products distributor for the latest product information before purchasing product listed herein.
- ISAHAYA Electronics Corporation products are not designed or manufactured for use in a device or system that is used under circumstances in which human life is potentially at stake. Please contact ISAHAYA electronics corporation or an authorized ISAHAYA products distributor when considering the use of a product contained herein for any specific purposes, such as apparatus or systems for transportation, vehicular, medical, aerospace, nuclear, or undersea repeater use.
- The prior written approval of ISAHAYA Electronics Corporation is necessary to reprint or reproduce in whole or in part these materials.
- If these products or technologies are subject to the Japanese export control restrictions, they must be exported under a license from the Japanese government and cannot be imported into a country other than the approved destination. Any diversion or re-export contrary to the export control laws and regulations of Japan and/or the country of destination is prohibited.
- Please contact ISAHAYA Electronics Corporation or authorized ISAHAYA products distributor for further details on these materials or the products contained therein.
