LED indicator	USB bus activity Power supply
Environment	Indoor use only / 32° to 104° F (0° to 40° C) 20% to 85% relative humidity (non condensing)
Agency compliance	FCC, IC, RoHS

Navigan™ Wireless Commissioner TWC-USB enables simple, wireless configuration of compatible EnOcean controllers.

TWC-USB can be used to associate (link) supported sensors and switches with these controllers to form advanced control systems.

In addition, advanced configuration parameters can be defined using the PC-based user interface.

Configuration settings can be saved and restored or cloned to enable quick configuration of multiple controllers.

Interactive help is available in the form of a comprehensive and guided walk-through process.

Currently the following ZenNet products are compatible with TWC-USB:

- **TWR-HW-W** **Hardware Relay Module**
- **TWR-D10-W** **Dimming Relay Module**
- **TWR-PI** **Plug-In Wireless Relay**

ZenNet Wireless Lighting Controls
